www.bestbuy.com

Hello, my name is Jeff Clark. I am the General Manager of the brand new Ankeny Best Buy. My Team and I are here to help you! Please contact me directly at jeff.clark@bestbuy.com with any comments you have. We look forward to your feedback and hope you enjoy shopping in our new store!

It might surprise some of you that so far we haven't mentioned consumer electronics (although, we just did) because Best Buy is associated so strongly with technology. And don't get us wrong; we love the stuff. It's just that we think technology should serve people, and not the other way around. You might say that we love technology, but we're not in love with technology. Technology makes a lot of promises, and we're here to make it live it up to those promises. For people.

JY Design, LLC

Julie Youngblade
3752 N.W. 103rd Pl.
Polk City, 50226
(515) 554-0471
www.jydesign4u.com

How does your interior space make you feel? Do you have a "to do" list a mile long? I can help to get the process started, organize your needs with a Design Plan, and prioritize your spending.

JY Design is an Interior Design business focusing on both residential and commercial projects. Julie Youngblade has been practicing interior design for the past 6 years, first with a design firm in Urbandale and then in May of 2009 she started JY Design. Julie specializes in lighting, with 11 years past experience in that field, and also custom window treatments and blinds. Other services she offers are space planning, color consultations, home furnishings, home staging, artwork and accessories.

There is a misconception out there that interior design services are only for those that have a certain level of income. Actually what I can do for most people is save them time and money. I bring the ideas right to your door. Through hourly rates or economical package programs, I will customize my fees to your best advantage.

Ken Dreyer

Ankeny, IA 50023
(515) 491-6869
www.dreyerhaulingsservice.com

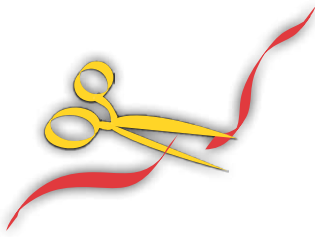

We provide Residential/Commercial moving service within the state of Iowa. What can we move? One piece or the whole house is our response! Those pieces have included commercial freezers, gun safes, pianos, sculptures, kayaks, Harley motorcycles, race car engines, and single items going off to consignment shops. In addition to the contents of entire homes, we've moved offices, retail establishments and industrial supply company. Our business is a mix of residential and commercial customers, and 80% of it comes from the recommendation of someone we've moved. One day we might be delivering kitchen cabinets to an installation site and the next day be loading or unloading a rental truck or P.O.D. at a home. We even do in-house moves to help you rearrange a room or get furniture out of the way for carpet or floor cleaning and installations, or when you're doing construction and remodeling.
